

### About the ' PUMS '

The ' PUMS ' was established by the Association from 1 April 1996 as a method of paying your subscription.

The 'PUMS' allows a new member to make a single payment of their subscription to the Association for the rest of their life, dependent on their age at the time.

The ' PUMS ' also allows a current member, whose subscription is not in arrears at the time of application, to make a single payment of their subscription to the Association for the rest of their life ,dependent on their age at that time.

The ' PUMS ' calculates subscriptions up to age 75 only. Membership is free to all members of the Association after that.

The 'PUMS' applies a \$1.00 discount to annual subscription rates-making the PUMS ' subscription \$ 9.00 per year instead of \$ 10.00.

The Association Executive has the right to transfer a maximum of the member's subscriptions, the interest received on these subscriptions, and up to five per cent of the capital of the 'PUMS' Account to the Association's working account at 31 March each year.

### The advantages of the ' PUMS '

The member receives a saving of \$1.00 per year on annual subscription rates. The member is not

required to pay any future annual subscription increases. Both the member and the Association spends less on postage. The Association spends less on administration. The member makes a single payment whilst still a serving member of the Brigade or still employed.

For further information or to apply for membership 'PUMS' To get an Application form if there is not one enclosed with this brochure, or to apply for membership of the Association.
